CHARITY

Haiti Earthquake

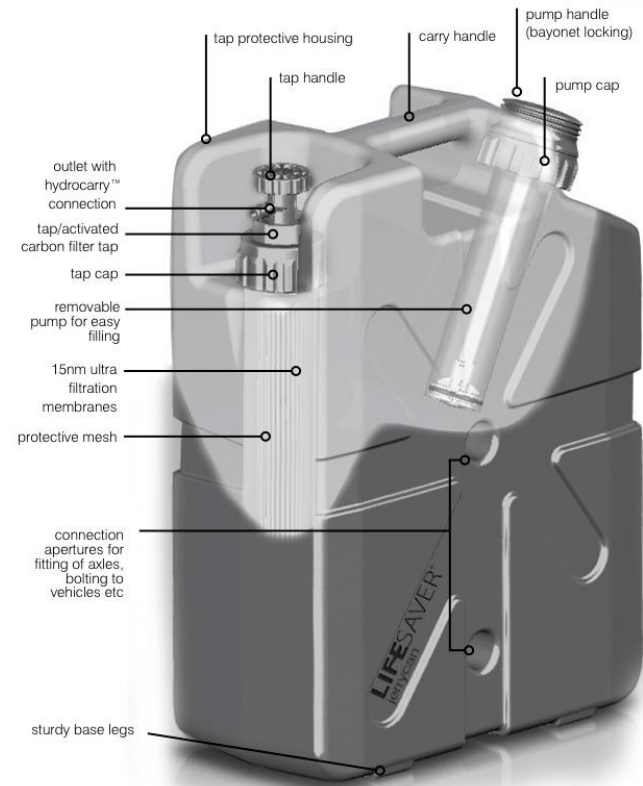

A powerful earthquake rocked Haiti on January 12, 2009. Over 100,000 people died from this tragedy. Most of Haiti's landmarks, homes, and infrastructures were destroyed, including many major hospitals.

An estimated three million people were affected by the quake – leaving many without access to clean drinking water.

Compassionate Service Society teamed up with Operation Blessing and LifeSaverUSA to deliver clean portable water filter units on March 18, 2009. Two of our CSS members, Quang Nguyen and Hai Pham, were deployed to Haiti to work with Operation Blessing and Lifesaver USA members.

3800 units were distributed, which will provide clean water to 3800 families and can filter 5300 gallons of water per year.
